Warrior Wisdom

WISDOM

Is there a question you have but are not nervous to ask? Well... ask Warrior Wisdom and we will answer the question for you!

New to cp?

We have some advice for you. You’ve probably heard this at other schools but go to class! Yes, it may be boring. It may be something you don’t want to learn about but at the end of the day, you need credits to graduate and get out. The longer you procrastinate, the longer you’ll be in highschool. Another good tip, mind your own business. The last thing that you want on your plate is unnecessary drama. School is a very small open window in your life. Take the opportunity and don’t cover up your own window with friends and relationships you won’t even remember in 20 years. Be determined and talk to all of your teachers! They are here to help and can not help something they do not know about. Everyone is going through their own hell. Get through yours and never look back.
